

Pacific Insight Electronics Starts Fiscal Year with Strong Revenue Growth and Increased Customer Demand

Pacific Insight Reports First Quarter 2016 Results

For immediate release

Vancouver, BC, November 12, 2015 – Pacific Insight Electronics Corp. (“Pacific Insight”) (TSX: PIH), a world-class electronics and full service solutions provider to the transportation industry, today announced its financial results for the first quarter ended September 30, 2015. All figures are in Canadian dollars unless otherwise stated.

Financial Highlights

In thousands of dollars (except EPS)	3 months ended Sep 30, 2015	3 months ended Jun 30, 2015	3 months ended Mar 31, 2015	3 months ended Dec 31, 2014	3 months ended Sep 30, 2014
Revenues	\$30,436	\$27,323	\$22,911	\$16,318	\$15,936
Net income (loss) for the period	1,988	1,739	931	-313	88
Earnings (loss) per diluted share	0.33	0.29	0.15	-0.05	0.01

Revenues for the three months ended September 30, 2015 were \$30.4 million, which increased from \$15.9 million in the comparative quarter ended September 30, 2014. The increase in revenues was primarily driven by demand for new LED lighting products and systems launched to automotive customers on various vehicle platforms during the last twelve months, and favourable foreign exchange impacts.

Net income for the three months ended September 30, 2015 was \$2.0 million or 33¢ per share compared with net income of \$0.1 million or 1¢ per share in the prior fiscal year first quarter. The increase in net income compared with the first quarter in the previous year is a result of higher revenues from new program introductions and favourable foreign exchange impacts.
